Subject
Copart - Property #2441873745

Hello Monica,

We have recently completed a review fo the subject policy and noted the following items in need of correction or clarification:

Agreed Amount should apply for all Property and Business Income

coverages. I don't see this indicated in the policy. Boxes should be checked for on the supplemental declarations form FM600.0.960 [0494]

Confirm that separate sublimits of \$1,000,000 apply to EQ and EQSL each, as per expiring, and not one combined limit

Named Insured is incomplete. Add "Copart of Canada, Inc." and "VB2, Inc." [American Charities and PartsUniverse can come out] ✓

The Newly Acquired Limits are reduced from last years expiring:

- Bldgs from \$1M to \$250k
- BPP from \$500k to \$100k

Can we have our expired \$1M/500k limits back at no additional premium change

Please endorse the Stock Valuation as expiring:

The Lesser of:

1. Actual Cash Value
2. Actual Cost to Repair
3. Appraisal Value according to ProQuote System

Re: Building/PP Form, Page 2. Property Not Covered, Para c.
"Automobiles held for Sale" - This exclusion should be deleted as per expiring. This is the insured's key business operations.

The electrical and mechanical breakdown exclusions should be deleted in respect to EDP

Please confirm the Boiler coverage is "comprehensive".

Please advise if any questions

Thanks and regards,

Patrice McIntyre
